COMPANY ESTABLISHED AND INAUGURATED

Pacific Industrial Supplies and Research Center (P.I.S.RC) was established in 1998 ,initially with name of "PRIMESEP" as a trading company to provide local and International procurement services to its customers located in the wide industrial structure of Pakistan and then gradually Expanded its services from industrial indenting business to industrial repairs, consultancies, trainings.

(P.I.S.RC) is now successfully operating in multiple countries to cater customer's demands and requirements with right product on a right occasion.

This is a dynamic company with multi-dimensional experience in the field of Pesticides, Pharmaceutical, Power Generation, Oil & Gas, Petrochemical, Oil Refining and Production Process Industries.

Covering national business activities and fulfilling successful requirements of various projects (P.I.S.RC).

Our Products Range

Pacific Industrial Supplies & Research Center (P.I.S.R.C) specializes in the procurement and supply of a vast range of products for...

- » *Pesticides*
- » *Pharmaceuticals*
- » *Sugarmill Industry*
- » *Power Generation Modules*
- » *Flexible Hoses*
- » *Nuts Bolts Flanges*
- » *Pipe Fittings*
- » *Valves*
- » *Cables*
- » *Compressor Parts*
- » *Pressure Gauges*
- » *Quality Control Instruments Range*
- » *Production Equipment's & Raw Materials*

“EXCLUSIVE PESTICIDE CHAPTER”

We are providers of a wide variety of high quality pesticides for agricultural use, including insecticides, herbicides and fungicides to improve the yields of crop by innovative application to:

- » SEEDS
- » CROP
- » CULTIVATED LAND

Our main products are produced in EU and China, for which we closely cooperate with multiple toll-formulation partners with whom we develop our own premium graded recipes and for which we always select the highest quality active ingredients. Furthermore we have regular stocks of a number of Pesticides, which are prompt available.

WHAT WE DO ?

Our research and development and marketing activities aim to convert market trends and scientific ideas quickly into successful and safe innovations. Through new technologies we can tap into additional market opportunities.

P I S.R.C is a research oriented trading Company providing bespoke products to brands in many countries. Our team of Sales and Marketing perform the critical Research and analysis necessary for successful Exports for the products and develop cohesive strategies that allow us to become a Research-driven organization.

WE ARE PROVIDER OF INNOVATIVE FORMULATIONS
FOR EFFECTIVE CROP PROTECTION
